Rusthen Ronald Pascoal Machado

Full Stack Developer

Nossa Senhora do Socorro, SE, Brazil
(79) 99955-4229 • (79) 99632-0772 • **rusthenronald9@gmail.com**
LinkedIn • **GitHub** • **Portfolio**

PROFESSIONAL OBJECTIVE

To work as a Full Stack Developer in systems development, contributing to the development of web and mobile applications (frontend, backend and AI solutions), always focusing on performance, scalability and development best practices.

EDUCATION

Technologist Degree in Systems Analysis and Development — December 2023 to July 2026 · Completed
Universidade Tiradentes

PROFESSIONAL EXPERIENCE

AjuLabs · Aracaju/SE — August 2025 to Present · Remote
Position: Full Stack Developer

- Development of web and mobile applications, working across frontend, backend and Artificial Intelligence solutions.
- Use of React, React Native, Next.js, TypeScript, Python, FastAPI, Tailwind CSS, Shadcn/UI, Storybook and Liquid.
- Implementation of RAG and AI Agents, with AI-assisted development using **Claude Code** and **Spec-Driven Development (SDD)** techniques to specify and guide feature development.
- Worked on projects for 2 international companies, completing and delivering 1 project for each, communicating in English with clients and teams in meetings, requirements alignment and day-to-day delivery follow-up.
- Application of architectures such as Feature-Sliced Design (FSD) and MVVM, focusing on performance, scalability and development best practices.

Sergipe Technology Park (SergipeTec) · Aracaju/SE — January 2025 to June 2025
Position: Systems Development Trainee

- Team-based development of systems for Banco do Estado de Sergipe (Banese), a state bank, focusing on bank fraud analysis and prevention.
- Development of an anti-fraud portal capable of detecting anomalies in bank transactions using machine learning techniques, helping increase the security and efficiency of internal processes.
- Experience with the Scrum agile methodology, taking part in daily stand-ups and other ceremonies to track project progress.
- Project built with React, FastAPI, Python and MongoDB, using Figma for interface prototyping.

Gestão de Pessoas e Serviços (GPS) · Aracaju/SE — July 2022 to July 2023
Position: Administrative Assistant

- Customer service, document organization and report preparation.
- Appointment scheduling, inventory management and purchase orders.
- Data entry and updates, project support and expense control.

ADDITIONAL TRAINING

Banese Track: Phase 1 *(view certificate)*
Python: Web Scraping *(view certificate)*
Git and GitHub *(view certificate)*
Banese Training Track: Phase 2 *(view certificate)*
Python Deep Dive *(view certificate)*

LANGUAGES

Portuguese · Native
English · B1/B2 (Upper Intermediate) — Wizard
2018 to 2022 · Resumed in 2025 · Expected completion: 2027

TECHNICAL SKILLS

Web & Mobile Development

HTML · Advanced
